Letter of Appreciation

To whomsoever it may concern,

This is to certify that **Rohan Sadawarte** from the Computer Department of Engineering of Vishwakarma Institute of Information Technology has successfully completed the inhouse project "**Project Allocation System**" during the duration of August 2021 to December 2021 at the Computer Department of Engineering, Vishwakarma Institute of Information Technology. The project was associated with EduPlus Campus(VGESPL). I was associated with **Rohan Sadawarte** as a mentor for the "Project Allocation System" project.

During the project, Rohan has worked as a Full Stack Developer. His team has worked in technologies like Node.Js, MySQL and used tools like VS Code and GitHub for version control. His entire team worked hard on building the logic for the allocation system and implemented the logic efficiently. He suggested valuable strategies and ideas while implementing the project as well as led the team during meetings and discussions. He is very hard working, determined, reliable and a good team player.

I wish all the best for his future endeavors. With his relentless motivation and his knowledge, **Rohan Sadawarte** would bring wealth of knowledge and skills. If I can provide you with any further information, you can contact me.

Thanking You,
Yours Sincerely,

Dr. Nivedita S. Bhirud
Assistant Professor,
Department of Computer Engg.
